Lab 5 – Observations

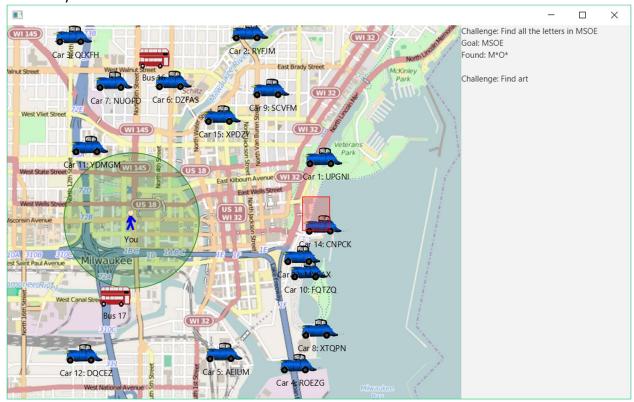

David Schulz

Screenshots

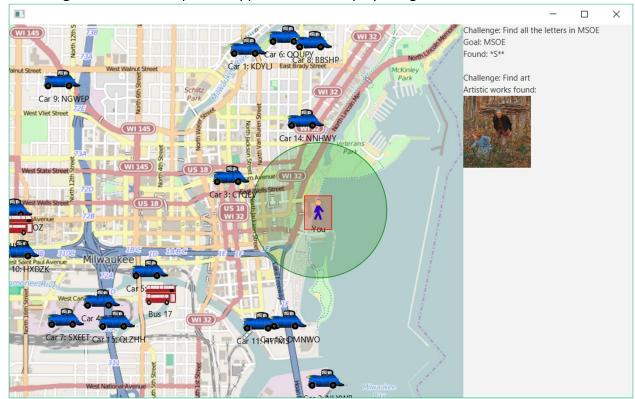

The first screenshot shows what the window looks like when the program first starts.

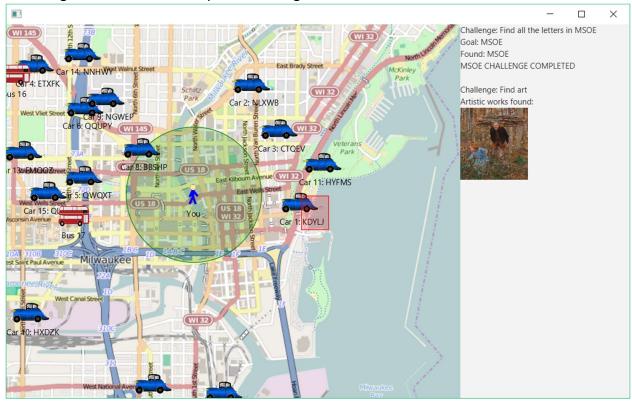

This image shows that the letters appear when the player tags cars with plates that have the necessary letters.

This image shows that the picture appears when the player tags the museum.

This image shows that the completed message will show when all letters are found.

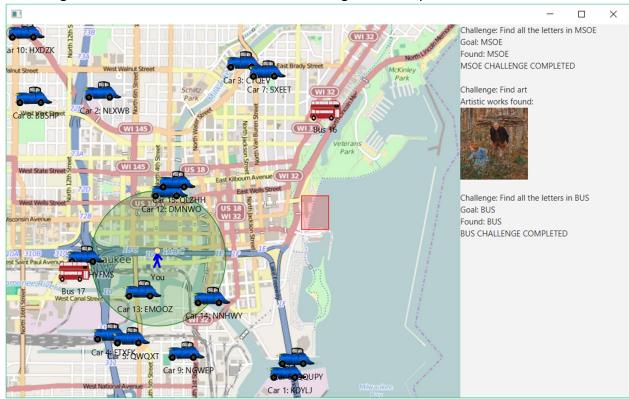

This image shows that the bus challenge will appear when the player tags a bus.

This image shows what it looks like when the bus challenge is shown and some letters are found for both.

This image shows what it looks like when all challenges are completed.
